Transmittal No. 421

Honorable Kimberly D. Bose  
Office of the Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, DC 20426

Re: F.E.R.C. Tariff No. 100.111.0 cancels F.E.R.C. Tariff No. 100.110.0 (Docket No. IS23-216-000).

Dear Secretary Bose:

The accompanying tariff is sent to you for filing in compliance with requirements of the Interstate Commerce Act and the Commission regulations. This tariff is issued by Explorer Pipeline Company ("Explorer") and bears the designation F.E.R.C. Tariff No. 100.111.0. The tariff is filed to become effective on June 1, 2023 on 20 days' notice.

The revisions reflected in F.E.R.C. Tariff No. 100.111.0 includes:

- Item No. 5, Definitions: updated the definition of "Shipper's Manual" in Item No. 5 to reference the current version of the Shipper's Manual dated June 1, 2023;
- Updates the "volumes bid" and the "market clearing rates" in the Table of Bid Rates, Part V for the month of June, 2023. There were no bids for the Southern Mainline Segment. The Market Clearing Rate for the Northern Mainline Segment was \$0.25 per barrel above the applicable Regular Rate or Specialty Rate.

In addition, Explorer is filing herewith an updated version of its Shipper Manual, Section 2, Shipper Information, dated June 1, 2023, as such manual is defined and referenced in the accompanying tariff. In the updated version of Section 2 of the Shipper Manual, subparagraph 2.7.2, Explorer added an option for product transfer orders ("PTO") at Greenville, Texas. This change to the shipper manual does not impact the PTO options that are currently offered, and instead provides some additional flexibility to accommodate shipper requests.

Pursuant to 18 C.F.R. § 341.14 (Special Permission), Explorer requests that it be granted a waiver under Section 6(3) of the ICA to file F.E.R.C. No. 100.111.0 on 20 days' notice, so that it may become effective on June 1, 2023. Explorer submits that good cause exists for granting a waiver under Section 6(3) of the ICA. Permitting the tariff to become effective on less than 30 days' notice will allow Explorer to include the updated "volume bid" and "market clearing rates," which are being established in accordance with Item No. 113 (Bid Rates) in the tariff, and providing PTO flexibility, as soon as possible. Explorer also submits that no shipper should be adversely impacted by allowing F.E.R.C. No. 100.111.0 to become effective on short notice.

Pursuant to 18 C.F.R. § 343.3 of the Commission's regulations, Explorer requests that any protest or other filing with regard to this tariff be sent electronically to Celeste Johnson at [cjohnson@expl.com](mailto:cjohnson@expl.com). All tariffs published by Explorer may be viewed and printed from Explorer's website at [www.expl.com](http://www.expl.com).

I hereby certify that on or before this date, I have caused service to be made pursuant to 18 CFR § 385.2010(f)(2).

If you have any questions, please do not hesitate to call me at (918) 359-5474.

Yours very truly,

  
Celeste Johnson
