Transmittal No. 458

Honorable Debbie-Anne A. Reese
Secretary, Office of the Secretary
Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, DC 20426

Re: F.E.R.C. Tariff No. 100.131.0 cancels F.E.R.C. Tariff No. 100.130.0 (Docket No. IS25-649-000).

Dear Secretary Reese:

The accompanying tariff is sent to you for filing in compliance with the requirements of the Interstate Commerce Act and the Commission regulations. This tariff is issued by Explorer Pipeline Company ("Explorer") and bears the designation F.E.R.C. Tariff No. 100.131.0. The tariff is filed to become effective on September 1, 2025, on 17 days' notice.

The revisions reflected in F.E.R.C. Tariff No. 100.131.0 include:

- Item No. 10(b), Commodity & Specifications: updated to reference the current version of the Shipper's Manual, Section 3, Fungible Product Specifications, dated September 1, 2025;
- Updates the "volumes bid" and the "market clearing rates" in the Table of Bid Rates, Part V for the month of September, 2025. There were no bids for the Southern Mainline Segment. The Market Clearing Rate for the Northern Mainline Segment was \$0.25 per barrel above the applicable Regular Rate or Specialty Rate; and

Pursuant to 18 C.F.R. § 341.14 (Special Permission), Explorer requests that it be granted a waiver under Section 6(3) of the ICA to file F.E.R.C. No. 100.131.0 on 17 days' notice, so that it may become effective on September 1, 2025. Explorer submits that good cause exists for granting a waiver under Section 6(3) of the ICA. Permitting the tariff to become effective on less than 30 days' notice will allow Explorer to include the updated "volume bid" and "market clearing rates," which are being established in accordance with Item No. 113 (Bid Rates), in the tariff as soon as possible. Explorer also submits that no shipper should be adversely impacted by allowing F.E.R.C. No. 100.131.0 to become effective on short notice.

In addition, Explorer is filing herewith an updated version of its Shipper Manual, Section 3, Fungible Product Specifications, dated September 1, 2025, as such manual is defined and referenced in the accompanying tariff. In the updated version of Section 3 of the Fungible

Product Specifications, Explorer updates the Summer and Winter product codes on pages 3-5, 3-7, 3-9 and 3-11.

Pursuant to 18 C.F.R. § 343.3 of the Commission's regulations, Explorer requests that any protest or other filing with regard to this tariff be sent electronically to Celeste Johnson at cjohnson@expl.com. All tariffs published by Explorer may be viewed and printed from Explorer's website at www.expl.com.

I hereby certify that on or before this date, I have caused service to be made pursuant to 18 CFR § 385.2010(f)(2).

If you have any questions, please do not hesitate to call me at (918) 359-5474.

Yours very truly,

Celeste Johnson
